

ActiveEco

# PREMIUM FABRIC SOFTENER

## LAUNDRY & FABRIC CARE

**ActiveEco Premium Fabric Softener** is a high-quality product which provides outstanding softening and anti-static properties to laundry. The product has been formulated with both the environment and performance in mind, resulting in a fabric softener that's completely non-toxic to humans and 100% biodegradable.

### Usage Instructions

Read and understand the Safety Data Sheet (SDS) before use.

Always add ActiveEco Premium Fabric Softener to the last rinse cycle. Prevent undiluted ActiveEco Premium Fabric Softener from coming into contact with linen.

#### For Automatic Washing Machines

- Follow the laundry equipment manufacturer's guidelines for laundering procedures.
- Add 5ml ActiveEco Premium Fabric Softener per 5kg of dry washing.

#### For Hand Washing

- Add 7ml ActiveEco Premium Fabric Softener per 1litre of warm water.
- Ensure garments are washed, rinsed and squeezed dry. Rinse garments in the above solution before drying.

### FEATURES

- Provides outstanding softening characteristics to laundered garments and linen
- Completely biodegradable
- Non-toxic and completely safe to use
- Ideally suited to the modern laundry
- Eliminates static and reduces water tension
- Prevents fibre fatigue and matting of fibres leaving laundry soft, fresh, and with a pleasant lingering fragrance
- Ideal for use in commercial laundry systems and domestic machines
