SAUCEPAN SHINE

SUPER CONCENTRATE HAND DISHWASHING LIQUID

Triple7 Saucepan Shine is an all-natural, good lathering hand dishwashing liquid. The product is highly concentrated and has a powerful cleaning action. **Triple7 Saucepan Shine** cleans effectively without using toxic or harsh chemicals and leaves dishes, glasses, pots & pans clean and shiny without leaving a chemical residue.

Triple7 Saucepan Shine keeps drains clean and free from odours and is suitable for use with septic tanks. The product is made from renewable resources and is environmentally responsible.

Uses

Triple7 Saucepan Shine may be used on glassware, china, crystal, saucepans, & cutlery.

Application & Dilution Rates

Triple7 Saucepan Shine is diluted at 1ml per litre of water in sink. The product can be dispensed through a dispenser that accurately dilutes at the desired ratio. Rinse with water if desired. Soak oven racks overnight before scrubbing, followed by a thorough water rinse. For wooden or synthetic cutting boards, use the product neat to remove burnt-on food residues.

Contents

Triple7 Saucepan Shine is non-hazardous and readily biodegradable. The product is made from proprietary plant-based, non-ionic surfactants and does not contain toxic additives such as caustics, phosphates, petroleum products, lauryl sulphates, glycol ethers, enzymes, D-limonenes, synthetics, & sulphonates.
