

ProBrake QE

WORKSAFE HIGH PERFORMANCE BRAKE CLEANER

Your alternative to dangerous & hazardous brake cleaning!

Purasolve ProBrake QE is a residue-free cleaning solvent for brakes and other technical applications. The low odour cleaner was developed to increase user safety and comfort by replacing highly toxic brake cleaners.

- High tech, residue free cleaning solvent
- Bio-based formulation
- Better for health, safety, and the environment

ProBrake QE

WORKSAFE HIGH PERFORMANCE BRAKE CLEANER

Safe and effective cleaning

Purasolve ProBrake QE is a bio-based solvent designed for precision cleaning in a variety of industrial applications where a residue-free surface is required.

Purasolve ProBrake QE does not contain...

- Tetrachloroethylene
- Ozone depleting substances
- Sulphonics or phenolics
- Glycol ethers
- Builders or reagents
- Caustics
- Synthetics
- Aldehydes

Benefits

- Eliminates the risk of handling and use of explosive and toxic solvents
- Improved user safety and comfort with low odour
- Reduces your environmental footprint by reducing VOC emissions
- Very low n-hexane content (<0.7%)

Method of Application

Apply Purasolve ProBrake QE neat with a cloth, brush or spray method. Begin at one end of the part, cleaning in the usual manner.

Part No #	Description	Size
ESPBQE-5	Purasolve ProBrake QE	5 Litre
ESPBQE-20	Purasolve ProBrake QE	20 Litre
ESPBQE-200	Purasolve ProBrake QE	200 Litre
