

GRAFFITI REMOVER

POWERFUL NON-DANGEROUS GRAFFITI REMOVAL SOLVENT

Easy-to-use safety solvent for fast graffiti removal from smooth surfaces

Purasolve Graffiti Remover is a safe alternative to MEK, Toluene blends, Acetone, Xylene, and other hazardous solvents.

It is a revolutionary cleaning compound developed to replace dangerous solvents for graffiti removal.

Benefits

- Eliminates the risk of handling and use of explosive and toxic chemicals
- Reduces hazardous waste disposal costs - low product usage
- Improves user safety and comfort with low odour and high flash point
- Reduces your environmental footprint by reducing hazardous waste disposal and VOC emissions

Purasolve Graffiti Remover does not contain

- Volatile organic compounds (VOCs)
- Ozone-depleting substances
- Sulphonics or phenolics
- Glycol ethers
- Builders or reagents
- Caustics
- Synthetics
- Aldehydes
